MEMORANDUM FOR: Acting Assistant Director for Scientific Intelligence

SUBJECT: OGI Research Program, Fiscal Year 1959

1. I appreciate the receipt of the memoranda dealing with OGI external research projects 6-35, 6-204 and 6-206, attached to your memorandum of 25 June 1958. We have carefully reviewed the terms of reference and find that the particular points we had in mind are well covered in the proposals. The projects have been carefully thought out and I am sure will make a significant contribution in the fields covered.

2. I also believe that we should encourage close liaison and coordination between your analysts and ours on matters of mutual interest. We shall be pleased to work with [REDACTED] in this respect.
